WELCOME

 Welcome to Westlaw IE – The Online Legal Information Service for Ireland brought to you by Thomson Round Hall.

Westlaw IE improves and speeds up the legal research process so that you save valuable time and resources.

Providing legal news and Current Awareness, Westlaw IE was launched in 2001. Since then we have worked with our customers to determine what they would like to see on Westlaw IE and, how they would like the service to develop going forward.

In 2003, and again in 2006, we added a significant amount of content comprised of case law, legislation and legal journals. And we are delighted that Westlaw IE is now the No 1 Irish online legal research service.

The story does not end here. We are currently continuing to enhance and develop Westlaw IE. With the support of partner Thomson companies, such as Westlaw, who have over 30 years of experience in online legal research, Westlaw IE is well backed and supported to fully meet the research needs of the Irish legal profession.

We invite you to take a look at Westlaw IE, and join the other legal professionals who have found it to be an invaluable contribution to their information and knowledge management strategy.

I very much look forward to your feedback. 

Yours sincerely,

Julie Clarke
